MAN KILLED BY TRAIN AT CARLISLE.

Add Ginn, an aged farmer of Nicholas county, was struck and killed by the early L. & N. train from Maysville, at Carlisle, Wednesday morning. The accident occurred at the Dorseyville crossing in that city. The train, which runs between Maysville, Paris, Lexington and Louisville, was approaching the passenger station in Carlisle, when the unfortunate man, who was about three hundred yards north of the station, misjudging the speed, attempted to cross to the other side. Ginn was somewhat deaf, and it is thought that he did not hear the warning whistle sounded by the engineer. He was knocked down and instantly killed, his body being badly mangled. When the train, which was in charge of Engineer Tom Rice and Conductor E. R. Thompson, reached Paris, about thirty minutes after the accident, section men and yardmen found a piece of the victim's skull, with a patch of gray hair clinging to it, hanging to the cowcatcher of the engine.

IMPORTANT CHURCH MEETING TO BE HELD TO-DAY.

A meeting of much interest to the members of the Mission Circles and Triangle Clubs of the Christian churches of Paris, North Middletown and Little Rock will be held in the parlors of the Paris church, to-night at seven o'clock. Miss Lola Conner, International Secretary for Mission Circles, and Mrs. W. C. Stanley, the State Secretary, will be present, and will address the members on subjects of vital importance to the cause of missions. Mrs. Louise Campbell, State Secretary of the C. W. B. M., will meet the women of that organization at the same time and place. The members of these societies at North Middletown and Little Rock are cordially invited to be present.

GAME LAWS VINDICATED.

In the past few weeks over seventy-seven conviction for violation of the fish and game laws have been secured by game wardens in the State employ. Of this number five were secured in Bourbon county by County Game Warden Douglas Thomas, Sr.

PALMER SCHOOL RAISES \$118.

The box supper given by the teacher and pupils of the Palmer School netted the sum of \$118, which will be applied to the benefit of the fund for the Kentucky Children's Home, at Louisville. This school, of which Miss Nora E. Hutson is teacher, was apportioned the sum of \$170 for this cause. The remaining \$52 will be raised in the near future.

THESE ARE GOOD PRIZES

Through an arrangement between the Kentucky Tuberculosis Association and the Savings Division, War Loan Organizations of Kentucky, prizes aggregating \$500 in War Savings Stamps have been offered to the pupils of Kentucky for the best essays to be submitted to the Kentucky Tuberculosis Association in the Republic Building before December 15.

The primary purposes of the essays is to be enable the child to formulate a few simple health laws which he may consciously use himself and pass them on to others.

The prizes will be awarded for the best essay written on the following subjects:

Eleventh and Twelfth Grades—"Why Should I Buy Red Cross Christmas Seals?" First prize \$100, second prize \$70 and third prize \$30.

Ninth and Tenth Grades—"What Does the Modern Health Crusade Mean?" First prize \$50, second prize \$35 and third prize \$15.

Eighth Grade—"If You Have Tuberculosis, How May You Be Cured? How May You Prevent Others From Taking It?" First prize \$50, second prize \$35 and third prize \$15.

Seventh Grade—"Is the Public Health a Necessity or a Luxury?" First prize \$25, second prize \$17.50, third prize \$7.50.

Sixth Grade—"The Life History of the Common House Fly." First prize \$25.00, second prize \$17.50 and third prize \$7.50.

The pupils of all public, private and parochial schools in the State whose academic qualifications place them in the Sixth Grade or above as measured by the State course of study. No essay should contain more than a thousand words.

The county school superintendents shall choose three judges to read all essays submitted in their county. They in turn will submit the essays they choose to three judges named by the Kentucky Tuberculosis Association, who will announce the winner not later than February 1, 1920.

REAL ESTATE TRANSACTIONS

The Paris Real Estate Agency sold yesterday for James Whaley his farm of thirty-seven acres, located on the Fords Mill pike, near Paris, for \$208.25 an acre.

William Kenney Ferguson purchased of Carlisle Wilmoth his two-story brick residence, at the corner of Thirteenth and High streets, for the reported price of \$7,000.

George Faulkner, of near Ruddles Mills, purchased of the Ewell Real Estate Agency, in Boone county, a farm of 125 acres, located near Burlington, for \$15,000. Possession will be given March 1, 1920.

David Butler, of Paris, purchased through Young & Son, real estate agents of Lexington, the Woodward farm of 43 acres and improvements, on the New Liberty pike, for \$18,000. Possession will be given March 1, 1920.

The J. G. Craig farm, containing one hundred acres, located on the Paris and Georgetown pike, was sold Tuesday through Harris & Speakes to J. W. Thomas, of Little Rock, for \$350 an acre, or an aggregate of \$35,000.

Last October, Clay M. Cleveland, who moved from the Ashbrook farm, in this county, to Lexington, sold eighty acres of unimproved land at public auction, in ten-acre tracts, at an average of \$140 per acre. With the advance price and the crop he will net \$10,000 in the deal.

M. Hume Payne purchased recently, through the Harris & Speakes real estate agency of Paris, the Munday farm, located on the Paris and Winchester pike, containing 150 acres, for \$225 per acre, or a total of \$42,750. The farm, which is known as the Bedford farm, adjoins the lands now owned by Mr. Payne in that locality.

The Paris Realty Co. sold this week for Mrs. Margaret Terry Stitt, of Lexington, and Philip Terry, of Boston, Mass., the 2-story residence on Main street, between Twelfth and Thirteenth streets, to W. S. Hughes, who is at present conducting a general merchandise store at Osgood, in this county. Mr. Hughes will move to the property. The same company also leased the R. P. Dow store room on Main street, to the North Middletown Supply Co., who will open up business at once. They will handle seeds, feed, salt and implements.

CHRISTIAN CHURCH DRIVE FOR \$25,000,000

Patriots among the Disciples of Christ, otherwise known as the Christian Church or Christian Brotherhood, have inaugurated a drive for \$25,000,000 to be applied to an extensive plan of practical Americanization. Through the Christian Americanization problems occupying three months has been completed and the original plan to raise \$1,000,000 for the extension of the International Bible College at Minneapolis, Minn., grew into a project to raise the larger sum.

This became necessary when it was decided to equip a chain of educational institutions extending from coast to coast, including a central Americanization university and to begin the process of Americanization with newly arrived immigrants at the principal ports of entry. This in addition to pursuing work among the 40,000,000 persons now in the United States who speak foreign languages.

The Americanization houses in the interior cities will take up the problem of the foreigners now in the slums of the large centers, offering day and night classes of a more advanced nature than those for the newcomers, but developed along the same lines with Christian citizenship as the goal.

It is the aim of the Christian Americanization Association to establish an Americanization club in every Christian Brotherhood church to aid in the campaign.

Rev. A. N. McCallum, of Seattle, Wash., is president of the Association and Judge M. C. Tift, of Minneapolis, is treasurer. Headquarters have been established at 829-830 Monadnock Building, Chicago, and city, town, county and State organizations are now in process of formation.

ADDRESSES STUDENTS ON "HIGHER EDUCATION"

N. L. Collins, of New Albany, Ind., registrar of the Bryant & Stratton College, who is visiting friends in Lexington, came to Paris, Tuesday afternoon, and addressed the students of the Paris High School in behalf of higher education.

Mr. Collins has a wide reputation in this line of work, and his talks to students are full of good advice and suggestions as to how to make the best of their opportunities in getting a good education. He impressed upon the pupils the importance of hard study and the value of higher education, and gave them to understand that one of the truest maxims in the world to-day is "There is no excellence without labor."

BOURBON CIRCUIT COURT AFFIRMED.

In the suit of R. L. Briggs vs. the L. & N. Railroad, the Court of Appeals, on Tuesday of this week, affirmed the judgment, amounting to about \$13,000.

Briggs was hurt while working for the L. & N. at its freight depot at Paris. He was engaged in loading and unloading freight cars, and a plank from one car door to another, was, by a movement of the train, thrown against him, and he brought suit to recover for the injuries. The jury found for Briggs, and the Court of Appeals, by its decision Tuesday, approved the judgment.

Briggs was represented by Talbott & Whitley, of Paris, and Robt. B. Franklin, of Frankfort.

The grand jury made its first and final report to the Court Tuesday, having been in session only the small portion of two days. It is said to have been the shortest session of any grand jury in the history of the Bourbon Circuit Court. Seven indictments were returned for minor offenses.

The case of McClure vs. McClintock was stricken from the records, having been compromised. McClure, who is Cashier of the First National Bank, of Paris, sued McClintock for alleged libel, securing a verdict in the Circuit Court for \$10,000. This was set aside by the Court of Appeals, and a new trial was ordered.

No business was transacted in the Court yesterday, Judge Stout being called to Frankfort on important business. The sessions of the Court will be resumed this morning.

ARMISTICE DAY VERY QUIETLY OBSERVED HERE.

With the exception of the banquet and reception given by the Bourbon Post American Legion and exercises held at the Paris High School building Tuesday, there was no observance of Armistice Day by a set program. Nearly all the business houses were closed in the afternoon, in response to a published proclamation issued by Mayor January. The banks and schools also observed the day as a half-holiday. There was no demonstration of any kind, but there was an undercurrent of gratitude and joy in remembrance of the significance of the day, and a feeling of sadness in memory of those who had given their lives in defense of human liberty.

At the High School an appropriate program was rendered at ten o'clock Tuesday morning, the pupils joining in singing patriotic songs, and exercises being given by the children in some grades. Miss Reba Lockhart, of the High School faculty, presided, and pleased the audience with a recitation suited to the occasion. Dr. E. E. Snoddy, of Transylvania College, Lexington, made an appropriate address, delighting all who had the pleasure of hearing him. The music was in charge of Miss Ella Blanding.

SCARCITY OF EGGS.

Housekeepers and restaurant people are having the time of their lives in the present egg situation. This delicious and very necessary "fruit," called by many "life-savers" in the present high cost of living, has become very scarce and commanding high prices. One restaurateur told THE NEWS man that he had paid as high as \$1.20 per dozen for two dozen eggs, while another stated that he had paid \$1.00 a dozen for the article. The prices have now dropped to about 75 cents per dozen, and scarce at that.

The scarcity is attributed by dealers and handlers to two facts. The hens are on a strike, and housewives in the country who have an ample supply are packing the eggs away in anticipation of higher prices around the Christmas season. An any rate the eggs are scarce, and when a fellow goes into a restaurant and puts in his order for three eggs the bystanders look up inquiringly, as if to say, "Wonder when that oil magnate came to town!"

STATE BOARD OF HEALTH WARNS AGAINST CERTAIN OLIVE BRANDS.

The State Board of Health as a precautionary measure to prevent poisoning from eating olives, has instructed its inspectors to collect all samples of stock packed by a certain California corporation in response to a telegram from Chief Frost, of the United States Food and Drug Laboratory at Cincinnati. The telegram follows:

"Withhold from sale all brands of ripe olives packed by the Curtis Corporation, Long Beach, Cal. Advise this office of all stocks in the State either by wire or telephone so that samples may be collected for microbiological and other examinations, this being done in view of poisoning cases at Detroit, Mich.; Kenton, O., and additional poisoning cases in other parts of the State of Ohio."

WITH THE LODGES.

The members of the local lodge of Rebekahs held a social session in the Odd Fellows building last night, followed by a supper prepared by the skillful hands of several of the members. The feature of the meeting was the reading of reports of proceedings of the Grand Assembly, held in Lexington some time ago, by Mrs. Ida Snyder and Miss Ollie Chambers, delegates from the Paris Chapter.

FARMERS OF 31 KENTUCKY COUNTIES HOLD MEETING.

Dean Thomas Cooper, of the Experiment Station, Lexington, accompanied by eight or nine extension men, attended a meeting at the Hotel Henry Watterson, Saturday morning at 10 o'clock at which a State Farm Bureau of Kentucky, an association having as its objective the betterment of agricultural conditions in the State, was formed.

Between 200 and 300 farmers, representing 31 counties of Kentucky, were present.

The organization will be non-political, non-sectarian and non-secret. This organization represents what is really the first attempt to organize farmers of Kentucky along this line and is in fact more or less a temporary organization for the purpose of determining the permanent form of the organization. Another is planned in January, at which details of permanent organization will be dealt with more extensively.

C. W. Crenshaw, of Cadiz, was appointed temporary chairman of the organization.

J. R. Howard, of Iowa, one of the leaders of farm organization work in the United States, returned from the Louisville meeting, where he was one of the speakers, with Dean Cooper, and remained with him as his guest two or three days.

FORMER PARIS BOY GOING FURTHER WEST.

In a letter to a Paris chum and school mate, Frank R. Erringer, formerly of Paris, who has been associated with the big wholesale house of Sprague Warner & Co., in Chicago, states he has resigned his position there to take effect January 1, 1920. About February 1, according to present plans, Mr. and Mrs. Erringer expect to leave for California, probably locating at Orland, in the Sacramento Valley, where they will live on a big fruit ranch.

Mr. Erringer has been head of the credit department of the Sprague Warner Co. business for the past twenty-eight years, and will leave their employ with the highest esteem of all with whom he was associated. There is no finer fellow in the world to-day than Frank Erringer, and his host of friends here wish him good luck and prosperity in his new venture.

GAME SEASON OPENS IN COUNTY TO-MORROW.

To-morrow, Saturday, November 15, will be a great day for the hunters of Bourbon county. On that day the nimrods will take to the field with dog and gun after Bob White and the rabbits, which in some neighborhoods are fairly plentiful and in others are scarce, but which always afford good sport.

For the first time since the destructive winter of 1917-18, when so much game perished under the ice and snow, or died of starvation, the birds and rabbits are reported fairly plentiful.

The war, which worked havoc with mankind, proved a boon to the birds and animals of the State which provide the hunter's quarry, as it took away to France thousands of the young men who made up the army of Kentucky sportsmen. With these out of the way the quail have had a chance to recover from the inroads of the disastrous winter. The mild weather last winter was another aid to them, and reports from the State are that considerable game can be found.

The quail season in Kentucky starts November 15 and closes January 1. The rabbit season is the same. There is no limit to the rabbit "bag," but the hunter must not bring down more than twelve quail at one shooting. The duck season started September 16 and will close December 31. Twenty-five is the bag limit. Squirrel may be hunted any year from July 1 to December 16 and jack snipe from September 16 to December 31. The jack snipe limit is twenty-five. The dove season closed October 16.

GOOD PRICES REALIZED AT PUBLIC SALES.

At the public sale of livestock, etc., belonging to J. E. Mason, conducted on the premises on the Bethlehem pike, near Paris, Tuesday, by Auctioneer George D. Speakes, high prices ruled, with the bidding spirited and a good-sized crowd in attendance. Cows sold from \$70 to \$80 per head; calves from \$25 to \$35 per head; three black bulls from \$60 to \$90 per head; sow and pigs, \$51; shoats weighing from eighty-five to one hundred and twenty-five pounds per head, at \$14 to \$22; one pair of mules, \$525; one pair of three-year-old draft mares, \$375; one mare, \$150; \$800 barrels of corn in the shock at \$6.00 per barrel in the field, and baled hay at \$29 to \$32 per ton; farming implements sold well.

At the public sale conducted by Auctioneer Speakes for Eugene Hutson, on the premises near Hutchison, good prices were obtained. Sheep brought \$13 per head; brood sows, \$25 to \$35 per head; one lot of small pigs, \$4 each; cows \$70 to \$110.50; one pair mules, \$300.

—WE KNOW NOW—

Any Tailor Can Make Clothes; Only Master Tailors Can Make Our Smart Clothes!

A carpenter can make a piece of furniture that may look well and last a few years. But the furniture that we prize most, the pieces that have been handed down through generations as heirlooms, is the work of cabinet makers—men who knew wood, how to season and work it according to the grain, and how to join it so the joints would hold.

So good clothes are the product of good tailors—our Smart Clothes the product of the best tailors. Every operation, from the shrinking of the woolen to the fastening of the buttons, is the work of an artist in his special field—each doing his bit for the ultimate accomplishment of the perfect whole.

Our Smart Clothes inherit a tradition that has been handed down through generations of the same families working side by side in the shops, and the record of the grandfather is a constant incentive to the son and grandson.

May we explain to you personally the advantage there is in this for you?

"Church" and "Pie" Suppers.

The return of autumn brings the church supper, as one of the leading institutions of village life. On the financial side, no one ever figured out a real profit on this enterprise. A dozen women put in several days work collecting and cooking food. The supplies are all given out of home stock. The supper would cost a dollar or more at the average hotel where equally good food is served. The common price averages 50 cents. At the same time you might not be able to raise the same amount of money in any other way. The women give their time free, and give 50 cents to a dollar's worth each of flour, sugar, eggs and butter. Perhaps neither they nor their husbands would give 25 cents in cash. Financially wasted, yet the church supper meets a real demand. If you undertook to support churches by advertising a lecture on the poetry of Browning or Kipling, you would not get enough to pay the janitor's salary. But people will stand in line for church suppers. The number who flee the church premises the moment supper is eaten, suggest that good fellowship is not the primary motive in drawing the crowd. Probably it is the reputation of first-class home cooking. Women are tired of eating the things from their own kitchens. They want to get out and see what other cooks are doing. In preparing church suppers, the cooks are on their mettle, feeling that their reputations are at stake. The supper assembles the finest culinary art of the town and puts it on the bargain counter at bankrupt prices.

Studying Humanity

Do you ever try to guess the dispositions of people from their faces? It is amusing, because it is so uncertain. You are almost sure to make as many wrong guesses as

right. Of course with those you know, it isn't hard, and therefore little fun. It is only the strangers that make it interesting. There is your haughty lady, who goes along with her head high, and who is very likely to get a fall just because her eyes are not watching her path; the indifferent one who fails to see anything with those half-closed eyes; the one always in a hurry; the lady calm and sedate, and slow to anger; and close behind is the maid with the quick temper. Restless people, happy, contented, ambitious, all pass along, and only a few have learned to wear masks. And here comes a little lady, moving slowly, shoulders a little stooped, face lined and grave, and you decide hurriedly that she has a husband whose will rules, or at least that she is very meek. And some day you will find that back of those eyes and grave face there is a will that is stronger than anybody thinks, and that she is ruled by nobody.

Education For Work or Education For "Settin"?

Here is a little story in a newspaper about a lady who is asking a little colored girl if the girl's big sister can be had to help with some work. "No'm," says the little ducky, "Lucene am educated now. She granulated las' week. She do'n wo'k no mo' sence she's eddicated. She jess sets, an' sets, an' sets. Dat's all she does."

That is the kind of "eddication" too many darkies—and too many white folks—have had in the past, and the kind too many desire now. Whatever of "culture" or "accomplishment" any person may have, that person is not truly educated if he does not know how to do something useful in and for the world. The education that leads to "jess settin'," either in practice or in desire, is a false education and one destructive of body and soul.

Educate your children by teaching them how to do something well and by inspiring them to desire to do it. So shall they arise and call you blessed.

Suckers and Sucker Bait

A reader sends us two letters from a concern in which she bought stock from which she has had no return, and asks if we can do anything to get her money back. We cannot. Good money paid for worthless stocks is, as a rule, just the same as thrown away. It does seem that by this time all grown-up people should know better than to put money into concerns of which they know nothing, but thousands just keep on doing it. The Nashville newspapers, for example, are running full of oil stock advertisements these days, and every such advertisement is evidence that the sucker crop is still abundant. Otherwise, the men who are selling this stock would not be spending good money to pay for sucker bait.

Just about the first rule of prudent investment is to put your money into something you know something about or can keep an eye on. And probably the second rule is to let alone each and every project that threatens to make you rich overnight.

Don't Burn Leaves

Here is our annual reminder not to burn the leaves. When they are raked up, haul them to the barn for bedding, or use them in the poultry house for scratch litter, or mulch the strawberries with them, or use them about the shrubbery and the bulbs in the yard, or spread them over the garden. Do any way, in short, to get them back into the ground. The soil needs the plant food and the organic matter they contain. You waste all of the latter and most of the former when you burn them.

How absurd it is to pass over a man's good qualities and fix our attention only on his bad ones—why not at least weigh them?

SUGAR REFINER SAYS THERE'S NO SHORTAGE.

Federal control of the sugar crop was opposed before the Senate Agriculture Committee by C. A. Spreckels, a New York refiner, who blamed government interference for the existing sugar situation.

There is no shortage, he said, although the supply is "dislocated." One million tons of the 1919 crop will be available before January 1, he added, to relieve the present situation.

Mr. Spreckels said he would not object to Government control if it would reduce the price to the consumer. Instead he insisted, it has brought about an increase in price.

"If the matter was left to the law of supply and demand it would soon get down to a proper basis," he added.

Mr. Spreckels had frequent clashes with William A. Glasgow, attorney for the United States Sugar Equalization Board. He charged that there has been hoarding over the country, and declared that Western beet sugar growers were withholding the crop from the markets. He also asserted that several thousand tons of raw sugar from the Philippines were being held in New York by "speculators."

Pressed by Mr. Glasgow as to the identity of the persons holding the sugar from the Philippines, the witness named the James S. Connell Company and Czarnikow Rionda & Co., both of New York.

Advised that the Navy Department has in reserve 9,000,000 pounds of sugar, Secretary Daniels intimated that he would release one-third of the stock, or 3,000,000 pounds, for public use to relieve the situation resulting from a nation-wide shortage of the commodity.

ANTI-SALOON LEAGUE MAY MEET ITS MATCH

Money collected in large sums by the Anti-Saloon League for the purpose of making war upon saloons was diverted into the hands of lobbyists who fastened prohibition upon the country. For a society with a conscience so elastic the progress from malversation to offenses more strictly defined in law seems to be an easy step.

In the campaign leading up to primaries in New Jersey it appears that the league used \$3,251 to promote the candidacy of one of the Republican aspirants for Governor. This was a perversion to political ends of a fund acquired in part from religious bodies for non-partisan purposes.

Not much is to be expected from an organization having so few scruples, but if, as the Attorney-General says, the corrupt practices act, forbidding contributions by special interests to candidates in primary elections, has been violated, we may hear more of it. The Anti-Saloon League has defied the ballot box and bullied Congress and most of the State Legislatures. Perhaps it will meet its match at last in real justice.

BASE BALLS USED IN EACH GAME COSTS \$80.

Eighty dollars for baseballs for each game in the World's series! That sounds big, but nevertheless, that is approximately what it cost to furnish the principal item for the baseball classic this year.

As in other things, the high cost has hit baseballs, which now bring \$20 a dozen. It is estimated four dozen balls were used in each game. The reason that so many are used is because balls fouled into the stands or crowd are seldom returned. During an ordinary game, however, most of the balls which leave the playing field, find their way back.

Manufacturers blame increased prices paid for materials and the high cost of labor for the present shortage.

Horsehide used in covering the baseballs has increased in cost during the past three years about 250 per cent. The wool yarn has jumped 200 per cent in three years. The official ball of the National League is made with a cork center. The price of this cork has doubled and a special thread used has increased almost three times. The cork center ball was patented August 31, 1909. It weighs 5 ounces and is 9 inches in circumference. This ball was used in all games played in the National League ball park during the series. Another ball, similarly made, and adopted by the American League, were used in all contests in the junior league ball park.

MR. P. LADUKE, FARMER, SAYS, "YOU BET RATS CAN BITE THROUGH METAL"

"I had feed bins lined with zinc last year, rats got through pretty soon. Was out \$18. A \$1 package of RAT-SNAP killed so many rats that I've never been without it since. Our Collie dog never touched RAT-SNAP." You try it. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by The Farmers' Supply Co., Paris, Ky.

The reason there are several things we don't eat for fear of making ourselves fat is because buying them would make us poor.

Sometimes we fear that if capital and labor ever come together one of them will stand on our head and the other on our neck.

THIS EDITOR DIDN'T DODGE

Here's a man who believes in taking the medicine he prescribes. And he also gives the same prescription to members of his family.

Thomas A. Dodge is editor and publisher of the Milan Standard, one of the good weekly papers in Northern Missouri, with a wide circulation and much influence.

When the War Loan Organization began its campaign of publicity last May, Mr. Dodge threw the columns of his paper wide open for "copy" from the organization's headquarters.

Mr. Dodge read this copy and printed a good share of it. He was convinced of the truth the messages contained, and not satisfied with merely spreading the gospel among his neighbors, he sent in drafts recently for a \$1,000 Treasury Savings Certificate for himself and a \$100 Certificate for himself and \$100 Certificate for Frances L. Dodge.

FOGGY?

If Bilious, Constipated or Headachy take "Cascarets."

To-morrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little, too. Cascarets work while you sleep.

AMERICAN RED CROSS AFTER-WAR ACTIVITIES.

Soup kitchens in Poland have only partially solved the food problem there. The need is still great in districts far off the railroads.

The quota of money to be raised in the Lake Division at the Third Roll Call, November 2-11, will go toward completing overseas relief work.

The appropriation of \$10,000,000 has been made by the Red Cross to cover the expense of improving general health conditions in San Domingo. An American Red Cross medical director has been appointed to take charge of a hospital there.

BOURBON COUNTY LAND AT PUBLIC AUCTION

Rain or Shine, On

Saturday, Nov. 15, at 10 O'clock A. M.

the JOHN SOPER farm of 367 acres, on the Little Rock and Jackstown pike and the Soper pike, two miles from Little Rock, 12 miles from Paris and 8 miles from Carlisle. In three tracts, first and second tracts separately and then as a whole, and the best bid accepted. This farm is one of the best cared for farms in the county, and practically three-fourths of the entire farm is excellent tobacco land and ready as one of the best money makers in the county.

TRACT No. 1—Contains about 130 acres located on the Soper pike, all in blue grass, timothy and clover, except 15 acres broke out of sod in 1919 and now sown to wheat and grass. Improvements consist of two-story frame residence of eight rooms, front and back porches, good cellar, cistern at back door, dairy in yard, stock barn with good cistern, all necessary outbuildings, and watered by springs and creek. Splendid young orchard just coming into fruitage.

TRACT No. 2—Contains about 130 acres, all in timothy, blue grass and clover except 12 acres in cultivation. Six room frame cottage in good repair, porch, cistern, spring house in yard, two tobacco barns holding about ten acres, and all necessary outbuildings. Has deeded right-of-way for driving and hauling through Tract No. 1, which road is to be maintained by the owner of Tract No. 2. Separate way for driving stock to and from farm.

TRACT No. 3—Contains 107 on the Jackstown and Little Rock pike, two miles from Little Rock. One barn and stock scales. Two-thirds of this tract is fine tobacco land, 35 acres of which has not been plowed for 30 years. Has good orchard and fine building sites.

I am making this sale on account of my inability to look after my land, and the sale will be positive and without reserve.

TERMS LIBERAL—Ten per cent in hand on day of sale, 20% March 1, 1920, when possession will be given, 20% March 1, 1921, 20% March 1, 1922, 15% March 1, 1923, and 15% March 1, 1924. Deferred notes to bear six per cent interest and lien retained on property to secure payment. The sale will be held at the barn on Tract No. 3.

"Gee-Whiz! How it Hurts!" →The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order."

"Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

STATE BOARD OF HEALTH WINS IN CONTEST

The present State Board of Health, with Dr. Arthur McCormick, of Bowling Green, secretary, and Dr. John G. South, of Frankfort, president, won again in the Court of Appeals in its suit to prevent its ouster under the Ripper Act of 1918.

The General Assembly passed an act greatly increasing the powers of the Board, and by an eleventh hour amendment on the floor of the Senate provided that Governor Stanley should appoint a new board. Dr. W. L. Heizer was to be secretary.

The present board brought an injunction suit and the Franklin Circuit Court held the "Ripper" provision unconstitutional. The Court of Appeals affirmed the decision.

SAYS NEIGHBORS GIVEN SURPRISE BY THE CHANGE

OWENSBORO, KY., Nov. 13.—"My neighbors who knew the condition I was in, before I began taking Trutona, are surprised to see me working again," Mrs. Fannie Grundy, well-known Owensboro woman of 616 Triplett street, said recently.

"I'm certainly grateful for this new tonic, for it has given me more relief than any other medicine I've taken—and I've tried most all of them," she added.

"I had been troubled with ulceration of the stomach for the past 20 years. My bowels were in very bad condition. I would be severely constipated for three or four days at a time, and then, when I'd take some harsh laxative I'd have a hard time to check the bowel action. Naturally I became very weak."

"I had been bedfast for six weeks before I began taking Trutona. You can imagine my surprise, when, at the end of the first week's treatment I was able to get out of bed and began to do my housework again. I'm eating food now that I haven't dared to touch in the past two years. Why, I can even eat corn bread now, and that is one food that used to make me very sick. I have never before given a testimonial for any medicine, but I feel that the public should know of the wonderful relief I've gained from a one-dollar bottle of Trutona."

Trutona is being introduced and explained at G. S. Varden & Son's Drug Store.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I decided to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

OBSERVE THESE RULES AND LIVE TO OLD AGE

If you would live to ripe old age and keep the doctor away—

Ventilate every room you occupy. Wear loose, porous clothing suited to the season, weather and occupation.

If you are an indoor worker be sure to get recreation outdoors. Sleep in fresh air always; in the open if you can.

Hold a handkerchief before your nose and mouth when you cough or sneeze and insist that others do so too.

Always wash the hands before eating.

Do not overeat. This applies especially to meats and eggs.

Eat some hard and some bulky foods; some fruits.

Eat slowly—chew thoroughly.

Drink sufficient water daily.

Evacuate thoroughly, regularly.

Stand, sit and walk erect.

Do not allow poisons and infections to enter the body.

Keep the teeth, gums and tongue clean.

Work, play, rest and sleep in moderation.

Keep serene. Worry is the foe of health. Cultivate the companionship of your fellow men.

Avoid self drugging. Beware the plausible humbug of the patent medicine faker.

Have your doctor examine you carefully once a year. Also consult your dentist at regular intervals.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Catarrh is a local disease, greatly influenced by constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

MONTGOMERY FARMER MURDERED BY TWO NEGROES.

H. English Anderson, one of the wealthiest farmers in Montgomery county, and well-known in Paris and Bourbon county, was attacked and literally cut to death by two negroes, one of whom he had reprimanded, on his farm, near Sideview, near the Bourbon county line.

Anderson's body was found in the dirt road, not far from a large tobacco barn he owned, and removed to his home. He died at 9 o'clock last night.

John C. Evans, a negro, and his son, twenty-one years old, who were employed by Anderson, were arrested and placed in jail, charged with the cutting.

According to information received, Anderson had rebuked the younger negro for smoking in a tobacco barn, and a quarrel ensued, in the course of which the negro called his father to his assistance.

Anderson was forty-eight years old. He owned more than 1,000 acres of land in Montgomery county. He is survived by three sons and a daughter.

The funeral was held at the residence Wednesday afternoon, with services conducted by Rev. Dr. M. V. P. Yeaman, and the Knights Templar Commandery of Mt. Sterling. The burial took place in the Anderson family burying ground. The pall-bearers were Dunlap Gay, W. W. Eubank, Henry S. Caywood, H. G. Hoffman, R. A. Chiles, J. C. B. Jeffries, A. L. Tipton, H. K. Greene, C. C. Chenault, B. F. Mark and Dr. J. K. Johnson.

WHAT BAPTISTS ARE DOING FOR FOREIGN MISSIONS TO-DAY.

In connection with the Baptist 75 Million Campaign, and the appropriation of \$20,000,000 of that sum for foreign missions, it is announced that the Foreign Mission Board of the Southern Baptist convention is now supporting 316 foreign missionaries in ten great fields. In addition there are 787 native workers, 192 of whom are ordained. A total of 464 churches have been organized, with a membership of 53,629. One hundred and forty-one of these churches are self-supporting and 258 of the congregations have houses of worship. In addition, there are 1,037 out-stations.

Through the instrumentalities of the board a total of 482 schools of all grades have been established in foreign lands, in which were gathered last year 13,866 students. Eleven of these are Bible schools with 302 students. Three are colleges with 195 students. Twenty-three are high schools with 1,250 students. The others are schools of elementary grades, including fourteen kindergartens.

In addition to the missionaries the board supports twelve foreign physicians, six foreign trained nurses, twenty-one native physicians and twenty-three native nurses. Eleven hospital buildings are operated on the mission fields and last year a total of 104,271 treatments were given there.

But the work that is being done is only a small amount of what needs to be done and it is for the addition of 200 new missionaries in the work that is now being carried on, the opening up of new work in several of the European fields and taking care of the missionaries and other workers already on the occupied field that the \$20,000,000 will be expended.

WHAT MIGHT HAPPEN

Democratic State officials whose appointments require confirmation by the Senate, are leaning on the hope that in the event Gov. Morrow declines to send their names to the upper branch at the coming session, as it is stated he will, the Democratic majority in the Senate will refuse to confirm the appointments of any successors that may be transmitted by the new Governor, which would have the effect of allowing the Democratic officials to serve out their terms, it is said. This promises to furnish an interesting situation.

LEE-KENT OIL CO. BRINGS IN WELL

Among the new oil wells reported drilled in Tuesday was one by the Lee-Kent Oil Co., of Paris, in Well No. 5, on their Poplar Thicket lease, in Lee county, with a reported flow of twenty barrels.

RELIGIOUS.

—Rev. Dr. M. B. Adams, president of Georgetown College, will occupy the pulpit of the Paris Baptist church Sunday morning and evening.

—Prof. E. E. Snoddy, of the Transylvania College, at Lexington, will fill the pulpit at the Christian church, in this city, Sunday. There will be no services at night.

—Dean Robert K. Massie, of Christ Church Cathedral, Lexington, will conduct services at St. Peter's Episcopal church, in this city, to-morrow, (Friday) afternoon, at 2:30 o'clock, and at night at 7:30 o'clock.

—A conference will be held of the church workers of the county in the Christian church parlors Sunday afternoon. A cordial invitation is extended to the people of Paris to attend, and get acquainted with the State Superintendent, Linn D. Cartwright. The meeting will be held at 2:30 o'clock.

—Rev. W. E. Ellis, pastor of the Paris Christian church, is conducting a series of revival meetings in the Columbus, Ohio, Christian church. In his absence the pulpit here will be occupied Sunday morning by Prof. Snoddy, of Transylvania College, Lexington.

—John W. Jones and Eld. Frank M. Tindler, of the North Middletown Christian church, were among the speakers at a conference and luncheon given by the Sunday School workers of Nicholas county, in Carlisle, Tuesday night. All the Christian churches of the county were represented. The luncheon was served by the Ladies' Aid Society of the Carlisle Christian church.

—The Rev. T. S. Smylie, of Arkansas, will supply the pulpit of the Presbyterian church, both morning and evening, Sunday, Nov. 16. Rev. Smylie comes highly recommended as an earnest and forceful speaker, and the public is cordially invited to hear him. All members of the church are requested to be present at both services. Sunday School at 9:30 a. m., Christian Endeavor at 6:30 p. m.

—The Kentucky General Association of Baptists, with representatives from every county in the State, closed its three-days' session at the Baptist church, in Georgetown, last night. Over six hundred delegates were entertained by the people of Georgetown. Paris was represented by several delegates. The State meeting was preceded by the State Convention of the Ministers' Society, and the State Education Society of the Baptist church.

—There will be but one service Sunday at St. Peter's Episcopal church, in this city, instead of two, as previously announced. Dr. Robt. K. Massie, of Lexington, Dean of the Christ Church Cathedral, will conduct the services at night. Dean Massie's visit to Paris will be for the purpose of preparing the congregation for participation in the worldwide Episcopal drive for \$20,000,000, which will begin in December. The public is cordially invited to attend this service.

MATRIMONIAL.

LANGFIELD—HUTSELL

—The marriage of Miss Mary Langfield, of near Ruddled Mills, and Alexander Hutsell, a well-known young farmer of near Shawhan, will take place the latter part of this month. The banns of the marriage were announced Sunday morning at the Church of the Annunciation, in this city.

ANDERSON—HUKILL

—A marriage license was issued yesterday from the office of County Clerk Pearce Patton, to Ellis P. Hukill, 21, and Miss Elizabeth Anderson, 21, both of Paris. Mr. Hukill is a son of Mrs. Charles L. Hukill, of Paris, and is engaged in the tailoring business. Miss Anderson is a nurse in the Massie Memorial Hospital, and is a daughter of Mr. and Mrs. A. J. Anderson. The wedding will, it is understood, take place in Louisville, at St. Paul's Church, Saturday morning.

ELECTION NOTES

Although nothing definite has been done, the Franklin Republican County Committee has begun to talk about plans for the inaugural ceremonies when Governor-elect Edwin P. Morrow and Lieutenant Governor-elect S. Thruston Ballard take the oath of office December 9. If the tentative plans of the committee are carried out the heads of the Republican ticket will be inducted into office with the most pretentious inaugural ceremonies ever staged in this State.

Now that the election is over and it has been decided by 30,000 voters that Mr. Morrow is to be the next Governor. Democrats and Republicans alike will co-operate in formulating plans for the inaugural ceremonies. The committee to be in charge of the arrangements have not been selected.

Dr. John G. South, whose wife is a cousin of the Governor-elect, will be chairman of the executive committee. Other members of that committee will be announced next week.

A telegram received by Judge Flen Sampson, of the Court of Appeals, from his brother, L. D. Sampson, of New York, stated that a boom was being started in New York City for Governor Coolidge, of Massachusetts for the Republican candidate for President and Governor-elect Edwin P. Morrow, of Kentucky, for the Vice Presidency. A similar boom for Governor-elect Morrow was started in Washington.

B-4 FIRE Insure with W.O. HINTON & SON, Agts

BAD FIRE AT MAYSVILLE.

At three o'clock Sunday morning fire was discovered in the office of the Limestone Lumber Co., on East Second street, in Maysville. It had gained such headway that the best the fire department could do was to prevent its spread to other property, and the big lumber shed adjoining the office was completely destroyed. The loss is put at \$10,000 with \$4,000 insurance. The low water pressure is blamed for the inability of the firemen to save the lumber shed.

PARIS HI VS. SOMERSET HI.

The Paris High School football team will journey to Somerset to-day where they will meet the fast team of the Somerset High School in a struggle for gridiron field honors.

Both teams are going strong and a good game is looked for. Paris hopes to hear of the local team carrying away the large end of the score.

Paris High School will meet the Georgetown team on the local ground, Wright Field, near this city, in a game Monday afternoon. The game will be called at three o'clock. These teams have met before and both will be in the struggle to win.

POSTOFFICE EMPLOYEES TO GET INCREASES.

Increases in their salary in the near future has been assured to the employees of the local postoffice. The bill providing for an increase in salaries of postoffice employees has become a Federal law, and will apply to all branches of the service. The per cent. of increases is based on the present salary received.

WORKERS DISCUSS PLANS FOR SEWANE DRIVE

Plans for the campaign for Sewanee's \$1,000,000 endowment fund to be undertaken by the Episcopal church were presented to forty workers from Central and Eastern Kentucky at a meeting yesterday afternoon at 2 o'clock at the parish house of Christ Church Cathedral, in Lexington.

The meeting was called by Colonel John R. Allen, campaign chairman for the Lexington Diocese. In the delegation were representatives from Episcopal missions and parishes of Lexington, Frankfort, Versailles, Paris, Cynthiana, Beattyville, Proctor, Richmond, Danville, Harrodsburg, Somerset, Lawrenceburg, Nicholasville, Georgetown, Corbin, Middlesboro, Winchester and Mt. Sterling.

Dr. Richard Wilkerson, former rector of the Church of the Good Shepherd, who is in Kentucky at this time, delivered an address to the workers. The Rev. John Gass, of Frankfort, also made a talk.

THE WEATHER.

The weather is always a topic of decided interest, no matter where or how, or why, or what the circumstances may be. For the benefit of our readers who have gone to the sunny South to escape old Winter's rigors, it will not be at all amiss to state that the weather here has closely approached the real cold weather line in the past day or two.

Following the recent rains the mercury took a sudden tumble late Wednesday afternoon, and with an icy cold wind blowing from the Northwest the situation was about as uncomfortable as could be imagined. Early yesterday morning reliable thermometers registered as low as twenty degrees. Heavy frost formed and the water surfaces in exposed places were frozen. Later in the day the mercury ascended, but to the extent of only a few degrees. It was the first real touch of winter this section has experienced.

BOX SUPPER REALIZES HANDSOME SUM.

The sum of \$123 was realized at the box supper held at the Lair School recently. The proceeds will be converted into the fund being raised for the Kentucky Orphan Home at Louisville.

ATTENTION, U. D. C.

The November meeting of Richard Hawes Chapter, United Daughters of the Confederacy, will be held in the Confederate room, in the court house at 2:30 o'clock, to-morrow (Saturday) afternoon. A full attendance of all the members is urgently requested, as business of importance is to come up for consideration and discussion.

SOME LEFT.

We did not sell all of our overcoats last season, which is very lucky for the man who wants an overcoat this season. We have an excellent lot of coats that are marked at last season's prices—\$20 for coats worth \$40, \$25 worth \$50, \$30 worth \$60. These are more suitable for the men than young men. They are strictly all wool and most of them tailored by Adler. If you want to save at least one-half on your overcoat, come in and look these over. Plenty of this season's overcoats for the young fellow.

BOX SUPPER AT THE KISERTON SCHOOL.

The pupils of the Kiserton School, Miss Minnie Kiser, teacher, will give a box supper in the school building to-night (Friday), November 14, at 7:30 o'clock. The proceeds will be donated to the Kentucky Orphans' Home, at Louisville. The public is extended a cordial invitation to attend. A good time is in store for everyone.

MORE HOUSES NEEDED.

There is an urgent demand for more housing room in this city. There are inquiries every day by people who desire to locate here, but are unable to find houses. This is largely due to the high cost of building material and labor. Many men who had contemplated building gave it up after figuring on the cost and there is no immediate prospect of relief from these conditions.

LIBERTY DRUM CORPS TO BE REVIVED.

The Liberty Drum Corps, which rendered such efficient service during the promotion of various drives and campaigns in this city some months ago, is to be revived and given new life, if present plans are carried out.

At a recent meeting of the Boy Scouts, held at their rooms in the Y. M. C. A., the matter was taken up and discussed, and tentative plans considered. The Corps will probably be reorganized under the leadership of Leslie O'Neill, manager, and Norbert Friedman, assistant manager. The drums will be repaired and made ready for use. All Scouts having sticks or straps belonging to the outfit are requested to turn them in at the Y. M. C. A. on or before to-night.

All boys who are interested in becoming members of the Corps are requested to be present at the Y. M. C. A. to-night at seven o'clock. This meeting will be not only for boys who are already members of the Boy Scouts, but those who are desirous of becoming members of the Drum Corps. The Scouts decided to give a "Stunt Night" and bazaar on Friday night, December 19.

—Mr. and Mrs. Stanhope Wiedemann entertained on Wednesday evening with an informal dance at their country home, on the Georgetown pike, near this city, in honor of Mr. and Mrs. Kenneth Alexander, of Woodford county, who will leave to-morrow for New York to make their home. The home was decked with flowers and plants, and the hostess was assisted in entertaining the guests by her sister, Miss Pauline Purcell, of Lexington. Dancing was enjoyed, an orchestra from Lexington furnishing the music, and supper was served. A large number of guests from Paris and the county, and from the surrounding cities and counties partook of the pleasures of the evening.

—Mrs. J. H. Fuhrman entertained charmingly with a six-o'clock dinner Wednesday, at her home on High street, in compliment to Mr. and Mrs. J. D. Roseller, of Cincinnati, and Dr. and Mrs. J. W. Andrews, of Lexington. A four-course dinner was served the guests. The table cover and the napery used were heirlooms of rare old point lace, and the tableware of old gold and goebelin blue, were used in the Fuhrman family over one hundred years ago. The dinner comprised wine, salad and turkey courses, brick cream and individual cakes and coffee. The refreshments of wine used was made

by Mrs. Fuhrman especially for this occasion.

TURKEY MARKET WILL CLOSE THIS WEEK.

The local turkey market for the Thanksgiving season will close this week, after a successful run of several weeks, during which time large numbers of the birds have been slaughtered and dressed for the markets.

More than one thousand turkeys received Wednesday. Prices ranged from thirty to thirty-one cents a pound, live weight, the highest ever paid on the local market. The birds were brought to the pens in wagons and trucks. Some turkeys are still being received at the C. S. Brent & Bro. pens, due to the fact that they were bought late in the season. The pens have been well-filled and the outlook for an extensive trade has been the brightest in many years. The Christmas market will open about the first week in December.

INFLUENZA Killed 84,355 in 46 Cities

DURING the first epidemic of Influenza 84,355 persons died of the disease in 46 cities of the country, according to official government figures, during the time between September 14, 1918, and March 1, 1919. The death rate in country districts was also excessively high.

Another epidemic is coming, medical authorities assert. It may be even more horrible than the first, which swept over this country, killing half a million people, destroying the health of countless others. Are you prepared to combat it? Have you the strength which physicians say you need? If you haven't you may be the first stricken.

Build up your strength with Pepsinol. It renews your vitality. It's a general conditioner for nerves, blood and tissue. Pepsinol brings a message of hope—to those who are weak. It gives vitality and power of resistance to every organ that's subject to attack. The entire constitution responds quickly to it. Now is the time for you to consider calmly how you will conserve your strength, renew your vitality, guard your health. If you do this, you will be convinced that there is nothing so good for you as Pepsinol, the reconstructive tonic that vitalizes and invigorates.

You will be astonished by the way in which its pure ingredients, in strict accordance with the standards of the U. S. Pharmacopoeia, quickly rid you of general debility, stomach trouble and weakened nerves—how quickly and yet how safely it restores vigorous health, how surely it removes that weakening, depressing lack of co-ordination in the bodily functions.

If Pepsinol does not give you thorough satisfaction, you may have your money back on return of the bottle. That is the guarantee of the makers of genuine Pepsinol, The Pepsin Medicine Company, Memphis, Tenn. There is an authorized Pepsinol agent in your locality who can supply you. Get Pepsinol from:

GROOMING MATT COHEN FOR CONGRESSMAN.

Farmers in Franklin and adjoining counties are starting a boom for Matt Cohen, Commissioner of Agriculture for Congressman from the Seventh District, if Congressman Cantrill decides to oppose Senator J. C. W. Beckham in the Senatorial race. A meeting was held in the interest of Cohen's candidacy, which was attended by farmers. They believe that Cohen would serve the interests of the farmers in the National House of Representatives, basing this contention on the fact that during his term as Commissioner of Agriculture Cohen has devoted his time and energy in behalf of the farmers.

THIS MEANS YOU.

When you get up with a bad taste in your mouth, a dull, tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

FOX TROTTERS IN FLIGHT AS FOX TROTS INTO HALL.

The first fox that has ever danced the fox trot made his debut at the Hotel St. Francis, near San Francisco, Calif., lately. His efforts precipitated a near riot.

The fox, which had been sent to Chief Clerk Harry Boyle by Prof. Audrey Chatain, of Chicago, a St. Francis guest who recently went to the Yosemite, was left in the checkroom. When Boyle picked up the box to take the fox home the bottom fell out.

The fox jumped a counter four feet high and dashed into the Borgias room among the dancers, who at the moment were swaying to the tune of "Take Your Girlie to the Movies."

Across the floor the fox scampered, brushing the ankles of several female Terpsichores, who held their partners in a deathlike grip and screamed. The music jizzed on. It was a half hour before the fox was cornered.

A GOOD COUGH MEDICINE FOR CHILDREN.

Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectoration easy and soon frees the system from the cold. (adv-nov)

2.75 DRUNK: IT CAN'T BE DONE, CHEMISTS SAY.

Six authorities on alcohol and its effect after tests on regular drinkers, occasional drinkers and total abstainers, have found:

Two cups of coffee have as much "kick" as 21 pints of one-half of 1 per cent beer.

A stomach full of 2.75 is only enough for one-quarter of one drink. Twenty-one and a half quarts of one-half of 1 per cent beer at a sitting is necessary for intoxication, but the human stomach will only hold one-seventeenth of that quantity.

Six pints of one-half of 1 per cent beer rapidly consumed is the same as one teaspoonful of alcohol.

These facts are contained in affidavits filed by the six authorities, including Dr. John Marshall, professor of chemistry and toxicology in the University of Pennsylvania. The affidavits were filed in Federal Court at St. Louis, in support of the application of St. Louis brewers to restrain enforcement of the Volstead prohibition law.

JAMES WATSON SAYS, "I'LL NEVER FORGET WHEN FATHER'S HOGS GOT CHOLERA"

24-HOUR CLOCK MAY BE ADOPTED IN ENGLAND.

A committee has been appointed by the English government to report on the advisability of adopting the 24-hour method of expressing time, which was put into effect about twelve years ago in Western Canada, and which is said to have many advocates in the United States. Italy for a long time has used the system, and it is extensively employed on the continent for railway, postal and telegraph purposes. Astronomers always use it.

0 is the starting point of the 24-hour method, representing midnight. The hours are then counted as on the ordinary clock face to 12. After that 13 takes the place of 1, 14 of 2, and so on up to 23 and the re-appearance of zero.

A RAT THAT DIDN'T SMELL AFTER BEING DEAD FOR 3 MONTHS.

"I swear it was dead at least 3 months," said James Sykes, butcher, Westfield, N. J. "We saw that rat every day. Put a cake of RAT-SNAP behind a barrel. Months later my wife asked me about the rat. Remembered the barrel, looked behind it. There was the rat—dead; not the slightest odor." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by The Farmers' Supply Co., Paris, Ky. (adv-nov)

A man's best pal is his smoke

"Let's give 'em our smoke"

—Ches. Field

A real smoke—Chesterfield. The choicest of expensive aromatic Turkish tobaccos, the finest of sun-ripened Domestic leaf, blended by an original and exclusive method that can't be imitated.

In the blending of these costly tobaccos, our experts have brought out a new flavor and a mellow richness surpassing that of any cigarette you ever smoked.

Chesterfields sure do satisfy; not in flavor alone, but in value, in quality, even in their superior moisture-proof wrapping that keeps them firm and fresh always.

You want "satisfy"—that's sure. You get it only in Chesterfields.

A NEW COUNTERFEIT
Counterfeits have found a new field of activity, according to reports from the Treasury Department at Washington. In certain parts of the country counterfeits have been discovered in this year's issue of War Savings Stamps. Departments of the Government are trying to apprehend the persons responsible for the distribution of the fake re-

productions of the little securities. Banks and stamp agents and postmasters are requested to communicate at once with the Chief of the United States Secret Service at Washington when such are presented. The counterfeits are being attached to genuine certificates. They are a photographic reproduction in good color blue ink, but the fine lines behind the portrait in the genuine appear in solid color in the counter-

feit. The perforations of the genuine stamps appear photographed on those which are not genuine. "Counterfeits seem to know a good thing when they see it," said a Treasury official, "or they would not take the chance of a term in the Federal penitentiary by putting out reproductions of War Savings Stamps. People who are willing to buy War Savings Stamps at less than their actual value get 'stung' when they enter into a deal of this kind, because genuine War Savings Stamps, bought through banks, post-offices and authorized agents of the Treasury Department are always worth their full face value, plus accurate interest.

ONLY A COLD.

Are you ill? It is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

SCOPE OF THE FOURTEENTH CENSUS EXTENDED

That the Fourteenth Decennial Census, on which the actual enumeration work will begin January 2, 1920, is to be the most important ever taken is shown by the fact that the Act of Congress providing for this census expressly increased the scope of the inquiries so as to include forestry and forest products, two subjects never covered specifically by any preceding census.

The inquiries to be made relating to population, manufacturers, mines, quarries and agriculture were also extended in their scope by Congress, the keenest interest over the forthcoming census having been shown by the members of the census committees of both the House and Senate, while the law was under consideration.

The statistics gathered on mining will include all oil and gas wells. Many startling developments in this important branch of the Nation's resources are looked for by census officials. The figures gathered in Texas, Oklahoma and Kansas will no doubt prove to be those most eagerly sought for, as shown by inquiries already received by the Census Bureau.

The compilation and gathering of forestry and forest products statistics will be in charge of a special force of experts. The accurate and comprehensive figures gathered concerning this vital natural resource will be much in demand, and the comparisons made with conditions existing before the war will be of great interest.

Agricultural statistics will likewise be the subject of special effort on the part of the Census Bureau as the importance of farming is being realized by the average citizen far more than ever before.

SIGNALS OF DISTRESS

Paris People Should Know How To Read and Heed Them.

Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment.

Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Paris evidence proves their worth. Chas. Stewart, tinsmith, Lilleston avenue, says: "I have had three or four attacks of lumbago in the past few years, the first being the worst. There was a constant, dull ache in my back all the time and often sharp, cutting pains darted through it. It sometimes seemed as though I could hardly endure the misery. I tried different remedies with no results. I heard of Doan's Kidney Pills and procured them from the Ardery Drug Co. The first box helped me and I continued taking them until cured. Attacks since then have always been slight. Doan's Kidney Pills have never failed to relieve me."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

THIS ORCHARD PAID

When J. G. W. Smith a few days ago commissioned a Lowell, Ark., banker to invest \$10,000 for him in his limit in Treasury Savings Certificates and Liberty Bonds, a story of success under depressing circumstances were unfolded.

Smith several years ago bought a farm for \$5,000, making a small payment down and giving his note for the balance. It was not long until he found the farm had been sold to him on misrepresentation. He could not evade the sale however, and so he planted an orchard. The note fell due before the orchard came into bearing, however, but his showing got an extension on the paper.

Last month the farm, with the fine young orchard, sold for \$18,000, not including this year's apple crop, which brought another \$5,000.

CONSTIPATION.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

35,000 YANKS ARE STILL OVERSEAS.

The army is now well below the 300,000 mark, according to an official statement giving the strength as 290,477. The net reduction since November 1 last has been 92 per cent. American forces abroad total 35,000, including the 8,000 in Siberia.

Warm blankets made by American Red Cross workers will keep Siberian peasants warm this winter. One warehouse in Washington is stocked with cases of sweaters, mufflers, socks, underwear and layettes for refugee babies. This service is part of the obligation which the Red Cross must meet in completing its after-war work.

Ford
THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

CARD OF THANKS.—I wish to thank the many white friends of Millersburg and vicinity for the gifts of money and food and their kindness to my husband, John Henry Jones, during his long illness and the many beautiful flowers sent for his funeral.

BERTIE LEE JONES.

—Elder I. C. VanWinkle will open a protracted meeting at the Christian church Monday evening. The meeting will be conducted by Elder W. P. Crouch, pastor of the Calisle Christian church, and will continue about two weeks.

IMPORTANT NOTICE TO EX-SERVICE MEN.

The Bureau of War Risk Insurance wishes to emphasize the importance to service men of one of the provisions of the War Risk Insurance Act upon the fulfillment of which may depend the validity of their claim to compensation under the act.

The War Risk Insurance Act provides that "No compensation shall be payable for death or disability which does not occur prior to or within one year after discharge or resignation from the service, except that where, after a medical examination made pursuant to regulations, at the time of discharge or resignation from the service, or within such reasonable time thereafter, not exceeding one year, as may be allowed by regulations, a certificate has been obtained from the director to the effect that injured person at the time of his discharge or resignation was suffering from injury likely to result in death or disability."

Many discharged men are not familiar with or are inclined to disregard this provision of law and are allowing their rights thereunder to lapse.

Request for the certificate mentioned above should be made to the Chief Medical Advisor, Bureau of War Risk Insurance, Washington, D. C.

WILL BUILD HOME IN EARLY SPRING.

The new farm home for the Kentucky Children's Home Society is practically assured, according to officials who are checking up the returns from the schools all over the State. Louisville, Owensboro, and many of the counties has subscribed more than their quota and if the remaining counties that have not sent in returns will complete the amount allotted to them, the plans for the group of farm cottages will begin early next spring.

"With the large number of school districts without teachers this fall, we are unable to reach these school children, consequently it will be necessary for the other schools to go beyond their quota if we succeed," George L. Schon, the superintendent, said.

"Jefferson county was apportioned \$55,000, which has been over subscribed. Unless the other counties raise their quotas this amount will lie dormant until the shortage can be made up in some other way, which will be very difficult, so it is imperative for every county to go over the top. This would enable us in the early spring to proceed with our building plans, which, when completed, will make it possible for us to reach every child needing a home and protection."

EDUCATIONAL BOARD OFFERS A REWARD.

A reward of \$25 for the arrest and conviction of any party or parties entering or damaging the public school buildings of the county was approved at a recent meeting of the Bourbon County Board of Education.

SEE SALVATIONIST AS INDUSTRIAL AID

It is generally recognized that the greatest force against industrial unrest and Bolshevism in this country is content and plenty in the homes of those who are usually the victims of want. Poverty and distress are the forerunners of anarchy and disorder. For these reasons it is recognized that the daily work of the Salvation Army in any great city in North America to-day is probably the most effective antidote that can be administered to the disease which has already commenced to taint the great body which upholds the industries of America.

The rules and regulations of the Salvation Army are interesting when viewed from this standpoint. According to the regulations laid down for him, the Corps Officer in the Salvation Army must spend at least eighteen hours every week visiting the community in which his Corps is located. It is his business to seek out the poor, the bereaved, and the unfortunate, and any who especially need help or guidance. To many such homes, the visit of the Salvation Army worker means new life and at any time, by day or night, he holds himself in readiness to stretch out a helping hand. The entire Corps also visit hospitals, jails, work houses, and all institutions in its community where there may be human suffering and despair.

At the Christmas season, bountiful baskets of food are given out to needy families; in the hot months poor mothers and children are taken to some spot where fresh air and the beauties of nature, combined with good food, give them a new and more hopeful view of life.

In brief, the work of the Salvation Army is to help the man or woman who is down, whether he is "down on his luck" or down in sin. With the Salvationist is the belief that there is hope and happiness and another chance for all.

KENTUCKY MAY BE MECCA FOR FILM STARS SOON.

Will Kentucky become a stamping ground for the moving picture producers? Will the bluegrass regions, the beautiful mountain country, the hills, the valleys, become the picturesque backgrounds for pretty film romances or dashing melodramas? This seems more than probable judging by the increasing number of stories that are being written for the screen with good old Kentucky as the locale. It will be recalled that several of D. W. Griffith's most recent productions were laid in Kentucky, where this master producer spent his boyhood. Other directors of Paramount—Artercraft pictures seem to have a decided liking for Kentucky as a setting for their film creations.

And, perhaps, Kentucky's fame as the home of beauteous maidens may have much to do with this movement—for what director would overlook the possibilities of having his "extras" picked from the beauties of a State famous for its fair folk? Thomas H. Ince, one of the Paramount-Artercraft directors of fame, has staged many stories with the Blue Grass State as a background, but has duplicated Kentucky scenery out West. He knows Kentucky well, having spent much time in this State while a resident of Cincinnati, Ohio. Many of his Kentucky friends have urged him to send a producing company into this State to take pictures and immortalize the State on the screen.

Billie Burke, one of the Paramount-Artercraft popular stars, is known to be a strong admirer of the Blue Grass State and has never missed an opportunity to motor through the country hereabouts while playing at Kentucky theatres. Vivian Martin, Dorothy Gish, Marguerite Clark, Elsie Ferguson, and others of the Artercraft-Paramount studios would look mighty good in pictures with a section of the blue grass county behind them! And Charles Ray—how he would revel in the small towns of Kaintuck! where he could do all the stunts he is so fond of and which his admirers like so much!

THE BANKER AND THE BOND

Arkansas bankers have evidenced their appreciation of the value of War Savings Stamps and the new Treasury Certificates in the most convincing manner. Running in many of the newspapers of Arkansas are a series of attractive advertisements, paid for by the banks, that carry to the general public the message of the particular bank, coupled with the message from the U. S. Treasury Department showing the advantages of saving and investing the money thus saved in War Savings Stamps. There may be a few isolated cases when a banker feared, erroneously, that money invested in these "baby bonds" might deplete his savings deposits. But the Arkansas bankers have a broader vision. They know that if they can aid in inducing the non-savers to save, they are laying the foundation for future prosperity, and that the stamp savers of to-day will be important depositors of to-morrow, and the banker who encourages thrift and safe investment is building for his own good and the good of the community that he serves.

FRITZI SCHEFF DISAPPOINTS HER MAYSVILLE AUDIENCE

Because of an attack of laryngitis, resulting from a cold contracted while visiting the grave of her former husband, John Fox, Jr., in the Paris Cemetery, Monday, Fritzi Scheff was unable to play her role in "Gloriana" at Maysville, Tuesday night. The part was taken by her understudy, Miss Virginia Burke.

The Maysville Bulletin says: "With every seat in Washington Opera House sold and standing room all taken, the hundreds of people from this city and surrounding countryside who came to see Fritzi Scheff in 'Gloriana' waited patiently for the curtain-rise and the famous star's first appearance before a Maysville audience, when they were given a shock and consequently disappointment, the manager appearing before the footlights and announcing that Miss Scheff would not appear in the cast, but that her understudy, Miss Virginia Burke, would take the part of 'Gloriana'."

"The gentleman making the statement explained that Miss Scheff was ill at her hotel, the Central, and under the care of a local physician, Dr. Samuel. She was suffering from laryngitis, he said, having caught a severe cold Monday when she visited the grave of her husband, John Fox, Jr., who is buried in the Paris Cemetery. It had been raining and Miss Scheff got her feet wet, or words to that effect. The manager tried hard to convince the large audience that the star was just as much disappointed in not being able to appear as the patrons were in not seeing her, and that it was all on account of that miserable cold. He evidently anticipated that some would attribute other motives for her non-appearance, so he was careful to hint that it was not because of one of her whimsical caprices for which she is noted."

WHAT COUNTRY GIRLS CAN DO.

Our country girl owes something to the farm on which she lives. She need not be a "one-talent girl." She may be a help to the less fortunate. She may serve a whole countryside by upholding knowledge, culture, character, the principles of high living, and thus enrich her State.

Our moral defenses, we are told, are greater than flags or armies. Good books are moral uplifts. A good library where every volume may tell its own story, means knowledge, progress, power. All of these belong to our inheritance. We are entitled to learn something of science, philosophy, literature, the fine arts and the great institutions of civilized society. What music alone means to a country home has never been estimated.

After all, it remains that our first concern is what we owe to ourselves. The home may be well arranged, well ordered, the meals as a necessity to health, well balanced. But the human body must have constant care. Proper diet, daily exercise and bathing are great aids to youth and suppleness, comeliness, and higher usefulness. And still there come the daily essentials of living—the care of the nails, the teeth, the hair and not least, the daily wearing of the gown that truly clothes one in an artistic sense. Just here let us "speed the day" when the many labor-saving conveniences will invade our country homes that the young may have more time for themselves.

Of all girls, it seems to me, our girls of the country should excel in ideals. They have the vantage-ground in fields and hills and woods. They live within the everlasting beauty of sunsets and stars and sunrises—the finer things that touch our life and swing our souls into harmony with nature. If mental gifts are spiritual realities, there are lessons in birds and flowers and forestry as in many wild created things.

Not that ideals include the sole duty of young womanhood. I am on record somewhere as advocating the woman who loves best her home and surroundings. It is she that blesses her neighborhood; this type of her, whether of the working or business class, that circles toward the home. It is the fine personality of her that counts. Poverty does not enslave her, nor wealth allure her. She has the wisdom of the world condensed to a synopsis of every day living. She is optimistic and sweet-toned and high-souled. She never grows old.

PREDICTS HIGHER COST OF READING MATTER.

The price of novels will soon soar. The higher cost of fiction is inevitable, whatever the outcome of the printers' vacation, according to New York publishers. If the present difficulties were adjusted on the basis of the offer of the master printers, novels and juveniles would be sold for \$2.

If the strikers win the price will be \$2.50. If there is a compromise we shall probably have a \$2.25 novel. Fiction readers will grumble but they will pay. New authors will find it harder to break in when the price goes up, for it is natural to suppose that the volume of sales will diminish and the publishers will be less inclined than formerly to take a chance with unknown writers.

REV. CURT JETT CONVERTS REFORM SCHOOL BOYS.

Approximately seventy-five boys, inmates of the State Reform School, Greendale, near Lexington, led to express a desire to join church through the preaching of Curt Jett, are to be baptized Sunday.

The former feudist, who knows best how to reach the hearts of these boys because he himself served a long term in the State Reformatory at Frankfort, for murder, converted more than sixty of them by one sermon about a month ago, and others have been added to the list since that time.

All will be taken into the churches which they elect on Sunday. Those who desire to be immersed will be brought into one of the Lexington churches which has a baptistry, and the others will be sprinkled by the Rev. Mr. Jett at the School Sunday morning.

We believe in telling the truth, but we're strong for the man who is willing to lie when he knows it will make the other fellow feel cheerful.

NEW YORK PRINTERS STILL "ON STRIKE."

The printers' strike situation is more complicated than ever in New York.

New York pressman's union No. 51, which previously had decided to rejoin its international organization, if permitted to do so in a body, and then return to work, reversed its decision and voted to stay on strike. Criticism by other "seceding" pressmen is believed to be responsible for the change of attitude. Meanwhile hundreds of pressmen and feeders who reported for work were prevented from carrying on their trade because of lack of compositors, who are on a "vacation." Compositors are said to hold the key to the situation, and until they return to work little hope is held out for full resumption of work in the larger shops of the city.

It was stated that twenty more shops resumed partial operation, making 130 operating in all, but a canvass of the plants showed little improvements over conditions.

WON'T FIGHT TOBACCO—THAT'S WHAT THEY SAY!

Mrs. Frances E. Beauchamp, State President of the W. C. T. U., Mrs. Norah B. Taylor, Mrs. J. A. Stucky and Mrs. E. B. Johns, of Lexington, will attend the Victory Jubilee Convention of the W. C. T. U. to be held in St. Louis, November 15 to 20. The program consists of talks by speakers of national reputation, and of plays, demonstrations and pageants.

In regard to whether an eradication crusade against tobacco would be started at the convention, Mrs. Beauchamp said she thought not. The W. C. T. U., she said, has an anti-narcotic department under which come tobacco. If the cigarette continues to increase in use, Mrs. Beauchamp said, it is likely the anti-tobacco program will be enlarged. Heretofore it has been confined almost entirely to the school-room.
